Dear Parents and Friends

The first term is zooming along at such speed, I can’t believe we are over halfway through the term already!

Thank you to all those families that attended the school assembly. The students put a great deal of effort into preparing their work and practising their lines. They were very proud of themselves and took on their responsibilities with great maturity.

Last week, I had the pleasure of accompanying the Upper Primary students to Spalding School to be part of the YEL (Young Environmental Leaders) Day.

As part of this project, the Booborowie students will be planning and carrying out an environmental project within the school. They have been brainstorming their ideas and looking at what other schools have done in the past. We are hoping to involve members of our local community in our project, so if anyone would like to be involved, please contact the school. The YEL project comes with funding, so hopefully we can make a difference to our locality! Later in the year, the UP students will be involved in soil testing and pond dipping activities along with students from other local primary schools.

As part of the Adelaide Fringe festival, the students of Booborowie PS have been invited to Burra Community School to watch a puppet show by a group of Italian marionettes. The show has been organised by HATS (Heritage, Arts and Traditions) based at Auburn. The students are very fortunate to be able to watch artists from other countries as this enhances The Arts area of the National Curriculum and broadens the students experiences.

Sarah Ramsdall and Mel Walker have been refreshing their knowledge of Running Records, with some professional learning. This is a way of recording how a student tackles reading and the strategies they employ. Sarah and Mel will be undertaking Running Records in the next few weeks with students as a way of ensuring that students are reading books at the correct level and to determine any strategies that need developing.
Thank You

Booroburie Primary School Governing Council would like to thank Mr. Jack Handbury of Saltbush Ag for his generous donation of lamb sausages and rissoles that were used for a BBQ lunch fundraiser at the wether trials held last Thursday.

All profits from this BBQ will be utilised at Booroburie Primary School for the benefit of the students.

Thank you once again for your ongoing support of our School.

Booroburie Primary School
Governing Council.

---

I like Booroburie Primary School. It has fun maths games and spelling. The teachers are Mrs Ramsdall and Mrs Potter. I like technology too.

Zara Wedding

Best thing about Booroburie Primary School is the fun maths and the good respect you get from other people. I also like the fun science and the sport, the funniest student is Cody. We do lots of different spelling activities.

Jackson Muller

We get to do music lessons. I like my teachers. I like my new friends. I like that we can play inside when it is raining or too hot outside. I like that I have jobs at school and home. I like my parents. We are happy here at Booroburie.

Blayden Bilsborough

I like reading.
I like times tables.
I like learning.
We do painting and have lots of laptops.

Hannah Bilsborough

I like Booroburie Primary School because I like learning times tables. I like to read. I like painting my spelling words. I like to write sentences and stories.

Training dates as follows:
Wednesday March 16th @ 4pm
Wednesday March 23rd @ 4 pm
Return to Thursdays
Thursday March 31st @ 4 pm

NET—SET—GO Program
will be run in term 2 for 6+ Years old
Booborowie Kids YEL out!

On Thursday 3/3/16, we went to Spalding Primary School for YEL. We met some new friends. We got to make a protective cover for an egg, then we went outside stood on a ladder and threw it up and watched it fall to the ground. They all smashed. Then we did the same thing again but we could ask for some more things to use. Some children made a parachute but they did not work.

There were four students from Spalding, three from Booborowie, four from Clare and seven from Brinkworth. We learned about the environment and stuff like that. We had heaps of fun. We also got to play games. The four Spalding students were split up into two groups. Then the rest of us were split up too. We were shown around the school.

At the school, they have chickens and a big garden. We played this game were there was a big bowl full of lollies and stuff like that. We had heaps of fun. We also got to play games. The four Spalding students were split up into two groups. Then the rest of us were split up too. We were shown around the school.

YEL

On Thursday 3rd of March 2016 students from Booborowie, Clare, Brinkworth and Spalding met at Spalding Primary School for YEL. At YEL we made a badge with our name on it. Then we did an activity where you are put into a pair from a different school, first we introduced ourselves to and told them what they like then finally we got something (for example a ball could represent cricket). Then it was basically recess. After recess the Spalding representatives showed us around the school they had budgies, a rotunda, the most friendliest chickens, a Playcentre and a garden.

Then we played a game where you and an opponent would have a little plastic bowl and in the middle of you. When Bonnie said go, you would grab stuff out of the bowl. Then more people came in, then more then more until there was nothing left in the bowl. We also made a poster for our team, the Booborowie blue-grey shrubs and gave it to the host and they will make it in to a badge. Then we put our photos up then the other schools would put stickers on the photos they liked.

Makala Bilsborough

Cody Muller

YEL

On Thursday the 3rd of March the Upper Primary Class went to Spalding Primary School for YEL and learnt about the environment. First we introduced ourselves to the other schools. We then designed a badge for our group. We are called the Booborowie Blue Grey Shrubs.

We played a game to learn about sustainability and the earth's resources. We had to get handfuls of the earth's resources that were in a bowl. Baxter showed us around the Spalding Primary School. They have a hot house, vegie garden compost heap and chicken house. We had an egg dropping competition. We had to design an egg case from tissue paper, straw, pipe cleaners and wool. We dropped the egg from a ladder. All the eggs smashed.

We had a fun day at Spalding Primary School.

Charlotte Walker
